EMS	\$75	\$125

MIDWEST *Trauma!* SOCIETY

35th Annual Midwest Trauma Conference

In-Person and Virtual Options

May 6th and 7th, 2021

**Stoney Creek Hotel and
Conference Center
Independence, MO**

Program Overview

- **The 35th Annual Midwest Trauma Conference, sponsored by the Midwest Trauma Society, is offered as continuing education for healthcare providers—RN, EMS and RT. There will be 7.5 hours offered for each day attended. The conference offers discussion of current concepts in trauma care and provides a forum for networking among trauma care professionals.**
- **Two full days of local and national experts on trauma care.**
- **Presentations on major areas of trauma care, including, pre-hospital, obstetrics, pediatrics, tactical, ICU and Emergency Departments, plus many more.**

Accreditation

RN

The University of Kansas Health System is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

7.5 nursing contact hours per day are available. To receive credit, you must attend this program in its entirety and complete the program evaluation.

KS EMS

The University of Kansas Health System, as an approved program provider by the Kansas Board of EMS, approves this program for continuing education. Provider #PP 5000. Ray Pettigrew, BSN, RN, CCRN-CSC, CAPA, CPAN, Coordinator. EMS continuing education credit hours will be calculated based upon actual beginning and ending times of this offering.

EMS attendance requirement: EMS participants must attend the entire offering to receive credit.

MO EMS

Life Flight Eagle

Training entity accreditation #09508C MO Unit of EMS

Respiratory Therapy

The University of Kansas Hospital's CEU Evaluator has approved this program for SEVEN AND A HALF (7.5) hours of Respiratory Continuing Education per day on behalf of the Kansas Respiratory Care Society, a chapter society of the AARC. Providership # KRCS 007. (Exp 4/30/22)

ADA

It is our intent to comply with the Americans with Disabilities Act. Please notify us when registering of any special needs.

Educational Objectives

- Identify the value of practicing self-compassion to sustain vitality.
- Identify components of a primary and secondary survey as related to burn injuries.
- Acknowledge the impact on protocol changes, parallel trends, health care system integration and alternative care sites.
- Review the process of assessing capacity in the uncooperative patient.
- Describe the anatomic and physiologic differences between adult and pediatric pelvic fractures.
- Identify key factors in improving outcomes in severe traumatic brain injuries.
- List statistics of death/injury related to recreation on state waterways.
- Understand the mechanism of penetrating trauma.
- Review management strategies in the care of geriatric trauma patients.
- Recognize the signs and symptoms of mental stress injuries.
- Discuss traditional goals of emergency operations.
- Identify and discuss opportunities for improvement in trauma case studies.
- Define three areas of a complete mental well-being support system.
- List the 5 ways car seats (and seat belts) keep us safe.
- Identify signs and symptoms of cannabis use and toxicity.
- Recognize anatomical and physiological changes in the pregnant patient and how it impacts care.
- Understand the resurgence of whole blood therapy for civilian and military applications.
- Understand how trauma systems are developed.
- List priorities in the care of pediatric burn patients.
- Discuss the lessons learned from the Colorado shootings including Columbine, the Aurora Theater shooting and others.

Agenda: Day One, May 6th

- 0730-0750..... **Registration**
- 0750-0800..... **Welcome and Announcements**
